

2025

REFFINATTO

FINISHES

SATIN

Matte paint with a velvet touch.

MICROTEXTURE

Matte paint with texture, featuring very low gloss—this finish is the most opaque.

SHINE

Paint with a glossy and polished finish.

POLISHED SHINE

Paint with a glossy finish, featuring an additional layer of high-performance and durable varnish.

PAINTED FACES

1 FACE

Painted on one face only, with the opposite face finished in White BP.

1 FACE 1/2

Painted with color and standard finish on the main face, while the opposite face receives the same color but with a different quality standard than the main face..

1 FACE + RANGE

Standard paint on the main face, with the opposite face receiving only a 50mm strip in the previously specified measurement.

2 FACES

Fully painted piece, with the same finish standard on both faces.
Note: The edges of the piece will always be included, regardless of the chosen option.

FINISHES

METALLIC MATTE

Matte paint with a three-dimensional metallic effect created by metal particles that reflect differently depending on the viewing angle and light reflection.

METALLIC SHINE

Metallic paint with a high-performance, polished, glossy varnish finish.

LEGNO NATURE MATTE

Imported natural wood veneer from Europe, with FSC certification, obtained through eco-friendly technology that preserves forests and the environment. It is finished with a matte varnish to protect the veneer.

LEGNO NATURE SHINE

Natural wood veneer with a high-performance, polished, glossy varnish finish.
